

## BASIC TRAINING COURSE IN AIRCRAFT MAINTENANCE (BTCinAM)

The Basic Training Course in Aircraft Maintenance (BTCinAM) is a certificate Programme conducted by Helitours Technical Training Center (HTTC), an approved Maintenance Training Organization of Helitours (Pvt) Ltd. Managed by the Sri Lanka Air Force.

### Course Description

Basic training course in aircraft maintenance is a 2 years full-time training programme.

This is a course which is approved by the Civil Aviation Authority of Sri Lanka (CAASL) and fulfill the pre-requisites of theoretical knowledge in order to appear for the Aircraft Maintenance Licence (AML) examination conducted by CAASL.

### Industry Needs

Students who successfully complete the training course will find prospects for employment in the Aviation industry both locally and internationally.

### Course Objectives

It aims to integrate basic aircraft maintenance knowledge and skills required for the Aviation industry.

This course is designed to cover theoretical and practical training required by those who wish to sit for the Aircraft Maintenance Licence (AML) examination of the category **B1.1 (Aeroplane Turbine)**

It is embedded with 13 subject modules and 2 compulsory workshop and hangar modules as applicable to the relevant AML category

### Learning and Teaching Methods

All classes will be conducted in English by a mix of lectures and practical skill training.

### Student Assessment

HTT course is assessed through written examinations and by practical assessments.

### Admission Requirements

- Credit pass in English at GCE (O/L) or Pass in higher level English examination or equivalent.
- Pass in six subjects at GCE (O/L) with Science and Mathematics. Either Mathematics or Science should have a Credit pass.
- Preference will be given for applicants who possess GCE A/L qualification in Mathematics.

### Graduation Requirements

Upon successful completion of all necessary modules assessments, written examinations and practical assessments, trainees will be awarded a certificate of recognition for the completion of Basic Training Course in Aircraft Maintenance (BTCinAM) which has been approved by the Civil Aviation Authority of Sri Lanka.

### Attendance Requirements

Students must achieve a minimum of 85% attendance for all individual modules to be eligible to graduate.

### Facilities Available

Recreational facilities available at SLAF Ekala such as the gymnasium, swimming pool etc, will be provided free to the students.
